RE: Civic Luncheon – May 9, 1991

Dear Joseph,

Thank you for the usual fine service by your company at our annual event. The food was delicious and your staff was completely professional with their set up and service.

My husband and I will retire in the near future but I am leaving your name on file as my recommended choice for the food service at this event next year. While we cannot guarantee that this event will be continued, we can assume that it will be.

I have appreciated my association with you and wish you many more years of success in your business.

Sincerely,

Major Marilyn L. Bawden
